If I have time to sit down and play count me in, I don't have all the games you list, but I can fix that.

I never was a big fan of Supreme commander. It was alright but I couldn't get into it. I love COH, I also have the add on. British rock.
I'm more of a old school RTS i guess. I love all the old C&C's and the only new RTS game I liked was COH.
